

abc of architecture pdf

ABC of Architecture is an accessible, nontechnical introduction to architectural structure, history, and criticism. Author James F. O'Gorman moves seamlessly from a discussion of the most basic inspiration for architecture (the need for shelter from the elements), to an exploration of space, system, and material, and, finally, to an examination of the language and history of architecture. He shows the nonspecialist how to read a design in plans, sections, and elevations, and how architects ...
