### **Department of Economic History**

Introduction: The Sixteen-Page Economic History of the World He may therefore be justly numbered among the benefactors of mankind, who contracts the great rules of life into short sentences, that may be easily impressed

### **Introduction: The Sixteen-Page Economic History of the World**

course is designed to introduce a selection of themes from the contemporary economic history literature, not to present a narrative account of world history. Emphasis is on the uses of economic theory and quantitative methods and on the insights that knowledge of history can provide to the practicing economist.

### **Introduction to Economic History**

An Economic History of Europe This concise and accessible introduction to European economic history focusses on the interplay between the development of institutions and the generation and diffu-
