

causation in history by pdf

Causation may refer to: Causality, in philosophy, a relationship that describes and analyses cause and effect; Causality (physics) Other uses: Causation (law), a key component to establish liability in both criminal and civil law

Causation - Wikipedia

Causality (also referred to as causation, or cause and effect) is what connects one process (the cause) with another process or state (the effect), [citation needed] where the first is partly responsible for the second, and the second is partly dependent on the first.
