Grossman, D. (2009). On killing: The psychological costs of learning to kill in . war and society. New York: Back Bay Books. Introduction . Killing and Science: On Dangerous Ground . This is the time of year when people would slaughter, back when people did that â€” Rollie and Eunice Hochstetter, I think, were the last in Lake Wobegon. They kept pigs, and they'd slaughter them in the fall when ...

This novel is opposite, in every way, from the Clancy book I read on the fly while in progress with this one. There could not be a clearer demonstration of the difference between two-dimensional stick figures and actual characters with depth and complexity. On the other hand, the fact that Grossman has created living, breathing characters doesn't ...
