Figure. Prevalence of 1 and 2 or More Overweight- and Obesity-Related Morbidities by Weight Status Category for Sex and Race and Ethnic Subgroups

The Disease Burden Associated With Overweight and Obesity

The term multiculturalism has a range of meanings within the contexts of sociology, of political philosophy, and of colloquial use. In sociology and in everyday usage, it is a synonym for "ethnic pluralism", with the two terms often used interchangeably, for example, a cultural pluralism in which various ethnic groups collaborate and enter into ...

1. Introduction. The landmark report Unequal Treatment brought increased attention to inequities that exist in healthcare, including racial/ethnic disparities in the incidence, prevalence and complications from hypertension, heart disease and diabetes (Nelson et al., 2003).

A decade of studying implicit racial/ethnic bias in

Pharmacogenetics is the study of inherited genetic differences in drug metabolic pathways (and other pharmacological principles, like enzymes, messengers and receptors) which can affect individual responses to drugs, both in terms of therapeutic effect as well as adverse effects. The term pharmacogenetics is often used interchangeably with the ...

Cytochromes P450 (CYP) are a major source of variability in drug pharmacokinetics and response. Of 57 putatively functional human CYPs only about a dozen enzymes, belonging to the CYP1, 2, and 3 families, are responsible for the biotransformation of most foreign substances including 70-80% of all drugs in clinical use.
