Abstract . The aim of this article is to review the literature on autoethnography as a research method. It will first describe what is meant by autoethnography, or evocative narratives, and consider the particular features of this type of method.

### **Autoethnography as a research method: Advantages**

Abstract. This chapter critiques positive psychology (PP) and PP interventions (PPIs) at three levels. First, it identifies the fundamental problems of elitism and scientism, which permeate and negatively impact PP research and applications.
