Technology and Globalization - globalization | globalisation

Globalization or globalisation is the process of interaction and integration among people, companies, and governments worldwide. As a complex and multifaceted phenomenon, globalization is considered by some as a form of capitalist expansion which entails the integration of local and national economies into a global, unregulated market economy. ...

Inequalities and crisis recovery Fiscal austerity is detrimental to output growth and employment. The global crisis which erupted after the collapse of Lehman Brothers in 2008 has led to significant debate regarding the importance of adequate financial regulation.

International Institute for Labour Studies (INSTITUTE)

Philosophers and political theorists make a distinction between negative and positive rights. A negative right is a right not to be subjected to an action of another person or group; negative rights permit or oblige inaction.

Negative vs. Positive Rights | Globalization101

The KOF Globalisation Index measures the economic, social and political dimensions of globalisation. Globalisation in the economic, social and political fields has been on the rise since the 1970s, receiving a particular boost after the end of the Cold War.
