The Final Layer. Supporting and scaling workplace learning requires innovating in several ways. Here we describe a number of those innovations that have resulted from a four year long international research project.

## **Learning Layers Results**

Learning Multiple Layers of Features from Tiny Images Alex Krizhevsky April 8, 2009. Groups at MIT and NYU have collected a dataset of millions of tiny colour images from the web. It is, in principle, an excellent dataset for unsupervised training of deep generative models, but previous researchers who have tried this have found it difficult to learn a good set of filters from the images. We show ...
