Mathematics has no generally accepted definition. Aristotle defined mathematics as "the science of quantity", and this definition prevailed until the 18th century. Galileo Galilei (1564–1642) said, "The universe cannot be read until we have learned the language and become familiar with the characters in which it is written.

Mathematics - Wikipedia

The Partnership for Assessment of Readiness for College and Careers (PARCC) is a group of states working together to develop a set of assessments that measure whether students are on track to be successful in college and careers.

PARCC | Home

The eight Standards for Mathematical Practice are an important component of the mathematics standards for each grade and course, K–12. The Standards for Mathematical Practice describe the varieties of expertise,

habits of minds, and productive dispositions that educators seek to develop in all students.
