I was excited to get this book to reference in my practice. This would get five stars from me for these reasons: the price is good compared to other functional medicine books; it is an easy guide for practitioners; it is comprehensive.

Signs and Symptoms Analysis from a Functional Perspective

Movement is a vivid discovery, a fundamental and explicit teaching in which the return to basics takes on a whole new meaning. In it, author Gray Cook crosses the lines between rehabilitation, conditioning and fitness, providing a clear model and a common language under which fitness and rehabilitation professionals can work together.
